RESOLUTION 18-52

INFORMAL RESOLUTION

18FC:0020

Shawn Harden and the Buchanan County Board of Supervisors

On March 15, 2018, Shawn Harden, Buchanan County Attorney, filed a formal complaint against the Buchanan County Board of Supervisors (Board). He alleged that the Board violated Iowa Code chapter 21 when two of the three Board members met with a doctor at a mental health center to discuss a county government issue on March 14, 2018.

The two named Board members acknowledged that the meeting took place and that there was no notice, agenda, or minutes of the meeting and that it was not an open meeting. They responded that the meeting could be considered as ministerial in nature as no formal action was taken during their discussion with the doctor.

Mr. Harden noted in his complaint that both of the named supervisors have had training in open meetings requirements. He requested that the IPIB provide more extensive training to the Board.

Iowa Code section 22.1(2) defines a meeting as a gathering of a majority of members of a governmental body where there is "deliberation or action upon any matter within the scope of the governmental body's policy making duties."

While this section states that the definition does not include "a gathering of members of a governmental body for purely ministerial or social purposes when there is no discussion of policy or no intent to avoid the purposes of this chapter," it appears from the statements made by the two supervisors that they did discuss the expenses the county has incurred regarding an inmate in the facility.

As noted on the IPIB website:

In Dooley v. Johnson County Bd. of Sup'rs. (2008 WL 5234382), the Iowa Court of Appeals ruled that the board did not violate the open meetings law when members met privately with a consulting company to review a preliminary draft of a report, asked questions and elicited clarification. However, the Court noted, "Gathering for

this purpose appears dangerously close to “deliberation.” Even absent any intention to deliberate, such discussions could arise effortlessly. We believe the board’s decision to review the draft in this fashion was a poor one.”

The Iowa Public Information Board (IPIB) accepted the formal complaint on April 19, 2018. Pursuant to Iowa Code 23.9, the parties negotiated and reached an informal resolution.

The parties agree to the following terms:

1. The Board will acknowledge that the described actions occurred.
2. The Board will acknowledge that when a majority of the Board meets, either in person or electronically, to take action or deliberate on county matters, a meeting occurs.
3. The Board shall conduct training for all supervisors on Iowa Code chapters 21 and 22 (Sunshine Laws). The Board may utilize the powerpoint training available on the IPIB website or arrange for training with IPIB staff.
4. The Board shall approve this resolution during an open meeting and include the full text in the minutes of said meeting. Said minutes shall be provided to the IPIB.

The terms of this informal resolution will be completed within 60 days of acceptance by all parties. Upon showing proof of compliance, the IPIB shall dismiss this complaint as successfully resolved.

Passed and adopted this 11th day of June 2018.

Motion by Gissel second by Shonka to adjourn at 9:33 a.m. All in favor, motion carried.
